

## Building on Patterns Prekindergarten Quick Start

Thank you for choosing the *Building on Patterns Prekindergarten (BOP Pre-K)* curriculum. Here are a few things to know right away to help you get started using the materials.

- Items to start with in the Teacher Kit:
  - As an introduction to the program, read the *Teacher of Students with Visual Impairments Booklet*.
  - There is a six-volume *Teacher's Manual*. Read the "Getting Started" section at the beginning of the first volume for more introductory information.
  - It will be helpful to look early on at the *Reference Volume*. Read the Introduction and the section on Assessment. Review the rest of the volume so you can return to it for reference when needed.
- Items to start with in the Student Kit:
  - There are three things to give to the child's family.
    1. The *Parent Booklet*
    2. In the Parent Letters packet, the Parent Letter of Introduction for you to fill out and give to the child's family (It is also available online at [www.aph.org/building-on-patterns/pre-k/](http://www.aph.org/building-on-patterns/pre-k/).)
    3. In the same letters packet, the Parent Observations Page for the family to fill out and return to you
  - The *Preschool Teacher Booklet* is for you to give to the child's preschool classroom teacher.
  - Locate the Monitoring Charts and Reading Roundup Consumables packet, and review the Monitoring Charts before you begin using the lessons. (The items in this packet are also available online at [www.aph.org/building-on-patterns/pre-k/](http://www.aph.org/building-on-patterns/pre-k/).)

All the other materials provided are described in the "Getting Started" section of the first volume of the *Teacher's Manual*. Detailed information about the Reading Roundup materials can be found in the *Reading Roundup Lessons 10, 17, 25, and 32* booklet.
